

# Office Product Guide

We Change The Way  
People Work™

# Our Promise

## A WORKPLACE REDEFINED

---

We don't believe in a one-size-fits-all workplace. Every organization is unique—they have different needs, challenges and functionalities. A workplace should represent a company's culture and feature innovative details that support an evolving future.

Since 1974, Allwest Furnishings has remained committed to creating modern workspaces that are inspiring, productive, and healthy. We are dedicated to offering effective furniture solutions that last. We promise to provide customers with state-of-the-art furnishings, thoughtful space planning and reliable assessment services.

At Allwest, we listen. We take the time to fully understand your organizational goals and challenges. We work alongside you to effectively address each of them, providing insightful and effective furniture solutions. We are committed to being your partner in every project.

Whether you're in business, healthcare or education, we remain dedicated to the same goal. At Allwest, our mission is simple.

# Workstations

## ENCLOSED WORKSTATIONS

Looking for some privacy? We offer a diverse selection of enclosed workstations and panel systems to keep employees separated and focused. Extensions are available to provide additional height on new or existing barriers.

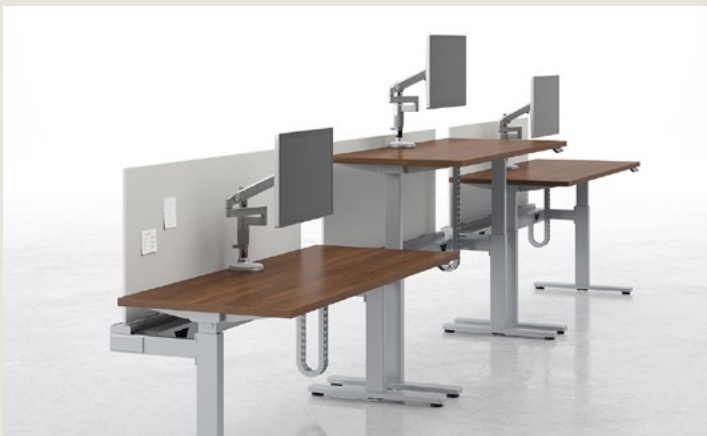

Our selection features a wide range of finishes and sizing options to accommodate different spaces.

## SEMI-ENCLOSED WORKSTATIONS

Find the perfect balance between divisional privacy and an open concept layout. Semi-enclosed workstations define your space without interrupting the view or flow of communication.

We offer flexible layouts that create a sense of fluidity as employees navigate different spaces.

## HEIGHT-ADJUSTABLE WORKSTATIONS

It's a true one-workstation-fits-all! Discover height-adjustable options that keep you moving throughout your day. Set each workstation at the perfect ergonomic height to keep employees healthy, comfortable and productive. Height-adjustable workstations also act as a collaborative workspace, promoting communication within the office.

## OPEN WORKSTATIONS

Collaborate freely and openly with our selection of open workstations. The elimination of barriers facilitates communication within the workplace, inspiring employees to share thoughts and ideas.

Benching options can help create a group dynamic that strengthens team bonds.

# Collaborative Spaces

Create a space to share your ideas, aspirations and successes. Collaborative spaces have many different looks and functionalities, from small booths for informal meetups to large boardrooms for engaging presentations. Regardless of its purpose, it's essential to set your team up for success by supplying them with practical tools and technologies.

EVERYONE DESERVES A SEAT AT THE TABLE, and our selection of conference tables will ensure everyone has a spot. Whether you need space for 5 or 25, we have the sizing and customization skills to accommodate your needs.

Looking for something more casual? We offer a variety of round tables and booths for more intimate or informal meetings. We also provide media tables for video conferencing, thought boards for sharing ideas, wireless charging for powering up and large worktables for group collaborations.

Get comfortable while you collaborate with our selection of conference and causal seating. Our conference chairs auto-adjusts to different users, providing a supportive seat for every person. We also offer casual soft seating to keep staff comfortable and relaxed. Need more privacy? Consider back extensions to create a more intimate environment.

## Reception Desks

MAKE EVERY FIRST IMPRESSION YOUR BEST. You only get one chance to create a lasting first impression, so make it count. Invest in a greeting space that is both professional and welcoming. Keep receptions organized and prepared by featuring a large workspace with an innovative storage system. We'll set you up for success, so you'll be ready for whoever walks in. Whether you're going for simplistic and modern or bright and playful, we offer a selection of brands that are guaranteed to meet your design aesthetic.

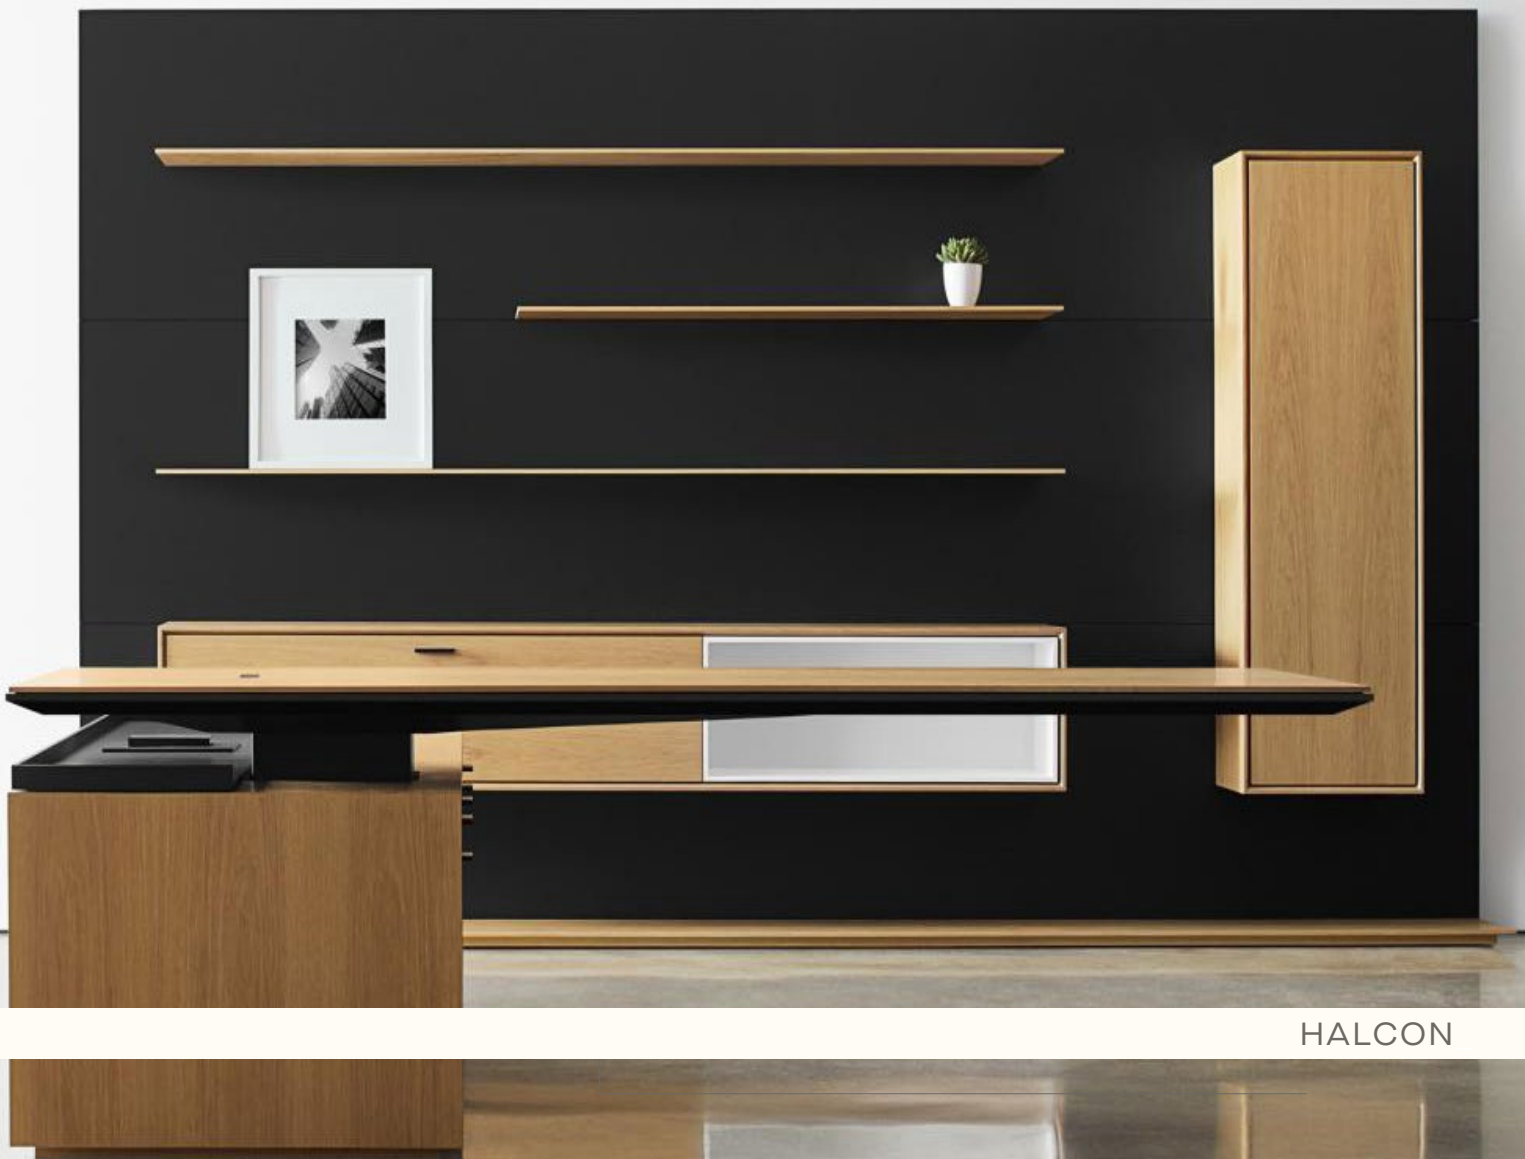

# Private Offices

It's not just a private office. It's a personal space to brainstorm for the next big idea, collaborate with clients and retreat for a well-deserved break. It's your sanctuary designed to inspire and empower.

We offer a wide selection of general and executive private offices to personalize your space. Each product features different finishes, colours, layouts and materials—giving us the ability to tailor each office to your specific needs.

LOOKING FOR A CUSTOMIZED FEATURE? We offer customization services to personalize an office space to your expectations. Whether you're looking for a specific finish, layout or working with an odd angel, we have the expertise to make your space work with you.

From the desk, seating, storage and all the details in between, we encourage you to think big.

HALCON

# Workplace Screens

SCANDINAVIAN SPACES

## FREESTANDING SCREENS

Create division anywhere at any time. Our freestanding screens are mobile and offers flexibility within the office. We offer different sizes, finishes and materials to provide a divisional solution that accommodates your space. Freestanding screens give users the unique opportunity to rearrange spaces as they see fit easily.

## LOUNGE SCREENS

Connect in privacy with our selection of lounge booths and high-back chairs. The extended backs offer division from the exterior environment, providing an intimate spot for informal meetings or a private retreat.

Make your seat a statement piece by utilizing bold colours, patterns and textures.

## DESK SCREENS

Reduce distractions at your workstation with our selection of desk and privacy screens. They take up minimal desk space while providing just enough division between you and your external surroundings. Give yourself the space to focus and get work done.

## PROTECTIVE SCREENS

Protective guards are ideal for spaces with regular public exposure, acting as a barrier against germs and viruses. Customizable solutions are available to accommodate a wide range of areas. Different mount options are available for temporary and permanent solutions.

# Lounge Areas

Take a seat. We offer comfortable seating solutions that encourage people to sit back and relax. Whether it's a greeting space for clients or lounge space for employees, we have the furnishings to set the mood. We have a large selection of modern sofas, benches and couches for group seating areas to spark communication within the space.

WHO NEEDS ART WHEN YOU HAVE FURNITURE? We offer many chairs, sofas and side tables with intricate design features to help create the ultimate statement piece. Want to incorporate some branding? We can customize fabrics with your logo and colours! Now you can lounge in style.

## Window Coverings

The presence of natural light can have a positive impact on employees' health, productivity and wellness. Humans have an evolutionary need for natural sunlight, which is why we believe in working with natural light, not against it. Many LEED® and WELL® building standards require human-centric lighting for sustainable and wellness reasons.

We offer both motorized and manual commercial shading options that can be customized to a variety of specific shapes, sizes and opacities to accommodate virtually any space. Our line of sustainable fabrics helps protect against solar heat and damaging UV rays, creating a comfortable interior environment. Looking to conserve more energy? Consider Daylight Harvesting, an automated shading system that can be programmed to adjust in cohesion with the sun's position. The technology keeps invasive, direct sunlight out of the space, maintaining comfortable room temperature.

Whether it's an entire building or a specific room, we have the commercial shading solutions to keep you cool and

# Movable Walls

Sometimes semi-private solutions just don't cut it—you need complete separation. A place that instantly reduces common workplace distractions and interruptions. Many of us feel constrained by our office layout, but Teknion's movable walls allow consumers to divide their workspace to fit their needs.

Don't want to close off the office? Our glass wall finish will keep the space open while you find your focus.

Movable walls aren't a one-size-fits-all product, which is why we offer a multitude of options to accommodate different needs. No matter your specifications or layout challenges, we have the movable wall solutions to create your perfect workspace. Privacy solutions that work how you work.

## Office Storage

No one likes to work in clutter. Clear your space with our selection of innovative storage solutions to keep you organized and productive throughout your workday. Whether you need high-density storage for a small space or durable bookshelves for your library— we'll set you up with a storage system that meets your organizational needs. Our team of specialists will help you choose cost-effective storage that's built to last.
